

Title I Hope

Children in Transition

Serving students who lack a fixed, regular, and adequate nighttime residence

If you are an unaccompanied youth **or** your family lives in any of the following situations:

- You live with friends or relatives due to loss of housing, economic hardship, or a similar reason;
- You live in a hotel or motel due to lack of alternative accommodations;
- You live in an emergency shelter or transitional shelter;
- You live in a car, park, on the street, or similar settings.

Then notify your current school, because you have certain rights and protections under the McKinney-Vento Homeless Assistance Act.

The LAW allows students to:

- Enroll and attend classes while awaiting:
 - A birth certificate
 - Address verification
 - Immunization records
 - School records
- Receive transportation to and from school
- Receive the same special programs and services, if needed, as provided to all other students
- Receive priority enrollment in state funded Pre-K programs
